OF LANDSCAPE ARCHITECTS

Purpose of the Group

The purpose of the Congress Working Group is to be in charge of developing the new guidelines and financial model for the IFLA World Congresses, which will apply for the biddings for the 2025 IFLA Congress and forward.

Once the guidelines are set and approved by the World Council, the Working Group will be in charge of organising the IFLA World Congress in partnership with the host association.

Main Functions and Areas of Responsibility

1. Develop the new guidelines for the congress organisation:

- Based on the new focus for the World Congress, define a draft for the guidelines to be circulated within the ExCo and later within delegates for a feedback.
- Develop with the FBP Committee a Financial Model for the Congress, according to the guidelines proposed, that will also be circulated for review, feedback and later approval.

2. Once the Congress Guidelines are approved, the Working Group will define an Action Plan with defined responsibilities.
3. Once the Action Plan is established, a call for expressions of interests will be opened.
4. Once a candidature is approved by the World Council, the WG will start working with the host partner according with the steps defined in the Guidelines on the congress organisation.
5. An annual plan should be considered to give a track to the process of the upcoming congresses.
