

DIANDONG SHI

The firm guardian of West Lake constructor of prominent contribution
IFLA ASIA-PAC LA LUMINARY AWARD 2019

After the transformation of the forest phase, The West Lake Forest has truly become the ecological barrier of Hangzhou.

Spring Landscape, Prince Bay Park

Waterfall, Prince Bay Park

Aerial View, Prince Bay Park

↑ By changing the form and line shape of the West Lake diversion canal, Prince Bay Park forms a spectacular waterfall landscape through the Nanpingshan Mountain, and finally injects into the West Lake through the central bay of the park.

↑ After the renovation in 1989, Guo Villa, which was restored to its old appearance, was hailed as the crown of the West Lake classical garden.

↓ Publications: "Records of the West Lake", "Landscape Architecture of the West Lake", "Landscape Art of the Garden Plants of the West Lake", "World Famous Garden & Sceneries", etc.

↓ Old photograph of Leifeng Pagoda built in the 4th century & Leifeng Pagoda reconstructed in 2002.

↑ Tens thousands of incense sticks planted in the barren Wushan in 1960s have become a forest.
